Looking for Funding? We Can Help!

Funds Online is an amazing database with over 8,000 funders offering billions of pounds to organisations and individuals. Thanks to our subscription, we're able to give local charities and CICs free access to this resource right here at our office on St Benedict's Street.

If you'd like to make use of this opportunity, simply get in touch with us and let us know a couple of dates and times that work for you—we'll take care of the rest!
